ENGINEERING & INNOVATION EXHIBITION

Where Engineering Meets Opportunity.

Connecting industry, technology, institutions and emerging innovations.

26 – 29 JANUARY 2027

PIECC, Moshi, Pune,
Maharashtra, India

edgelineexpo.com

OUR STORY – OUR PURPOSE

BRIDGING INDUSTRY & YOUTH INNOVATION.

Connecting engineering talent, technology and industry opportunities.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

Our Journey

For the past six years, our journey in motorsports has introduced us to a world where engineering, technology and innovation come together. From automotive engineering and electric mobility to embedded systems, telemetry and clean energy, we have seen multiple disciplines converge to solve real-world challenges.

Edgeline aims to bring industry and young innovators together.

For Industry

- Connect with customers and partners →
- Discover emerging technologies →
- Engage with young talent →
- Explore new applications →

For Students & Innovators

- Showcase projects and prototypes →
- Interact with industry professionals →
- Gain practical exposure →
- Explore career and collaboration opportunities →

INNOVATION GROWS WHEN THE RIGHT PEOPLE CONNECT.

FOR EXHIBITORS

MAKE CONNECTIONS. CREATE OPPORTUNITIES. GROW YOUR BUSINESS.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

A platform for business development, technology showcasing and industry collaboration.

01

Generate Business Leads

Meet prospective customers and organizations seeking solutions.

02

Build Strategic Connections

Develop relationships with suppliers, professionals and partners.

03

Showcase Technologies

Present products, services and engineering capabilities, and more.

04

Discover Emerging Ideas

Explore student projects, prototypes and fresh approaches.

05

Connect with Talent

Engage with emerging engineers and technical teams.

06

Explore New Markets

Identify new applications and potential collaborations.

AUTOMOTIVE | MANUFACTURING | EV | ELECTRONICS | IT | ENERGY

BRING YOUR BUSINESS TO EDGELINE.

Connect with industry. Discover innovation. Explore new opportunities.

EXHIBITION SECTORS & INDUSTRIES

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

WHERE INDUSTRIES CONNECT. TECHNOLOGIES CONVERGE.

Explore the technologies and sectors shaping the future of engineering.

01

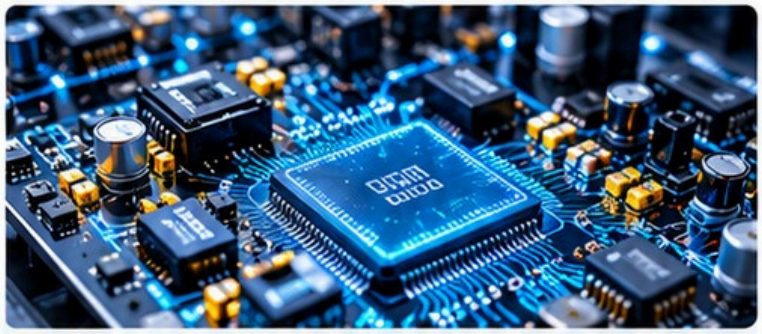
Automotive & Motorsports

Vehicle systems, components, testing and mobility solutions.

02

EV & Battery Technology

BMS, electric drivetrains, charging and energy storage.



03

Electronics & Embedded Systems

Microcontrollers, sensors, control systems and communications.

04

Manufacturing & Automation

Machine tools, CNC, robotics and smart manufacturing.

05

IT, IoT & Connected Technologies

Software, telemetry, data acquisition and connected systems.

06

Green Energy & Sustainability

Hydrogen technologies, renewable energy and clean power solutions.

Supporting Category: Educational Institutions, Research & Development

Universities, engineering colleges, research laboratories, technical institutions and student engineering teams.

ONE PLATFORM. MULTIPLE ENGINEERING DISCIPLINES.

WHO SHOULD EXHIBIT?

YOUR EXPERTISE BELONGS HERE.

Present your products, services and capabilities to a focused engineering audience.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

01

Manufacturers & OEMs

Industrial components, machinery and engineered products.
Buyer connections and supplier relationships.

02

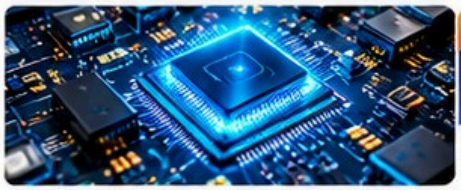
Automotive & Motorsports Companies

Vehicle systems, components and performance engineering.
Mobility sector and technical connections.

03

EV, Battery & Power Technology

Battery packs, BMS, charging solutions and power electronics.
Electrification and energy storage opportunities.



04

Electronics & Embedded Systems

PCBs, sensors, microcontrollers and communication technologies.
Product development and supply opportunities.

05

Automation & Robotics Providers

Robotics, CNC machines, Industry 4.0 and smart manufacturing.
Connections with manufacturers exploring automation.

06

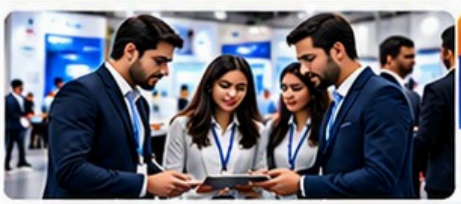
IT, IoT & Software Companies

Software, telemetry, connected devices and digital systems.
Digital transformation and connected solutions.

07

Green Energy & Hydrogen Companies

Fuel cells, renewables, energy storage and clean power solutions.
Clean energy projects and potential applications.



08

Startups & Engineering Services

Prototypes, product design, testing and consultancy.
Potential clients, collaborations and commercial opportunities.

BRING YOUR BUSINESS TO EDGELINE.

Showcase your capabilities. Build connections. Explore new opportunities.

TARGET VISITOR PROFILE

MEET THE PEOPLE. DISCOVER THE OPPORTUNITIES.

Connect with industry professionals, engineering talent and technology innovators.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

Our Target Visitor Profile

01 Industry Decision-Makers
Business owners, directors, procurement heads and technical managers.

02 Manufacturers & OEMs
Organizations seeking suppliers, components and engineering solutions.

03 Engineering Professionals
Design, R&D, production, electronics and automation specialists.

04 Students & Engineering Teams
Project developers, racing and technical teams and emerging engineers.

05 Startups & Technology Developers
Innovative industry applications, products and services.

06 Institutions & Research Organizations
Universities, technical institutes and research laboratories.

Potential Business Opportunities

Business development & networking
Build new partnerships and collaborations.

Innovation & collaboration
Explore joint projects and technology sharing.

Supplier & technology discovery
Find new solutions and sourcing opportunities.

Talent & institutional engagement
Connect with skilled talent and research expertise.

THE RIGHT CONNECTION CAN START SOMETHING BIG.

WHY VISIT EDGELINE?

EXPLORE TECHNOLOGY. EXPERIENCE INNOVATION.

Discover engineering solutions, meet industry professionals and explore the technologies shaping tomorrow.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

01 **Discover Emerging Technologies**

Explore automotive, EV, electronics, manufacturing, IT and clean energy innovations.

02 **Connect with Industry**

Engage with participating companies and engineering professionals.

03 **Experience Practical Engineering**

Discover products, prototypes and real-world applications.

04 **Build Valuable Connections**

Meet professionals, innovators and potential collaborators.

05 **Explore Learning & Careers**

Understand industry applications and career pathways.

06 **Discover New Possibilities**

Explore project ideas, entrepreneurship and technical collaborations.

One Exhibition. Multiple Perspectives.

Industry Professionals
Discover technologies, establish collaborations and develop business relationships.

Students & Young Engineers
Explore practical engineering ande industry and real-world applications.

Innovators & Entrepreneurs
Present ideas and explore potential partnerships.

BE PART OF THE ENGINEERING FUTURE.

EXHIBITION EXPERIENCE & KEY ATTRACTIONS

WHERE IDEAS MEET REAL-WORLD ENGINEERING.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

Explore technologies, discover practical solutions and connect with the people shaping the future of engineering.

01 **Product & Technology Displays**
Explore products, machinery, components, engineering services and technologies.

02 **Student Projects & Prototypes**
Discover practical engineering projects and emerging ideas.

03 **Industry Networking**
Create opportunities to connect with companies, engineers and innovators.

04 **Technical Talks & Keynotes**
Learn from industry experts through technical insights and discussions.

05 **Round-Table Discussions**
Planned opportunities for focused conversations around industry challenges.

06 **Motorsports & Vehicle Displays**
A showcase of automotive engineering and motorsports-related innovations.

07 **Government & Research Showcases**
An intended platform for government organizations and research institutions.

Multiple Sectors. One Engineering Platform.

Automotive & Motorsports | EV & Battery Technology | Electronics & Embedded Systems | Manufacturing & Automation | IT & Software | Green Energy & Hydrogen

SEE THE TECHNOLOGY. MEET THE PEOPLE BEHIND IT.

PARTNERSHIP & COLLABORATION OPPORTUNITIES

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

BUILDING BRIDGES BETWEEN INDUSTRY, RESEARCH & INNOVATION.

A collaborative platform for organizations working to advance engineering.

Who Can Collaborate with Edgeline?

01 **Industry & Corporate Partners**
Manufacturers, OEMs and technology providers.

02 **Government & Public Institutions**
Relevant public sector organizations and technology initiatives.

03 **Educational Institutions**
Universities, colleges, technical institutes and student teams.

04 **Research & Development Organizations**
Research laboratories, innovation centres and technology organizations.

05 **Industry Associations & Networks**
Trade bodies, professional federations and sector-specific organizations.

06 **Startups & Innovation Ecosystems**
Innovators, accelerators and emerging technology ventures.

Explore Opportunities to Collaborate

Knowledge & Technical Exchange
Expert talks and technical discussions.

Research & Technology Showcases
Present research, innovations and cutting-edge industry solutions.

Industry-Academic Engagement
Encourage interaction between companies and educators.

Strategic & Outreach Partnerships
Explore mutually agreed initiatives and sector outreach.

LET'S BUILD SOMETHING MEANINGFUL TOGETHER.

EDGELINE ENGINEERING & INNOVATION EXPO 2027

PARTNER WITH EDGELINE.
POWER ENGINEERING INNOVATION.

Build a partnership around engineering, technology, innovation and industry-academia engagement.

TECHNOLOGY
INDUSTRY
TALENT
INNOVATION

Explore Partnership Opportunities

01 Title / Presenting Partner
Largest & leading partnership opportunity with Edgeline Expo.

02 Co-organiser or In-Association Partner
Explore organisational collaboration and shared engagement opportunities.

03 Technology & Innovation Partner
Support industry and engagement around engineering solutions.

04 Knowledge, Network & Media Partner
Explore knowledge sharing, professional networks and communication.

05 Hospitality, Logistics & Supporting Partners
Ensure support for the overall experience and visitor engagement.

06 Motorsports Arena Partner
Explore partnership opportunities connected to the motorsports arena.

Build a Partnership Around Your Objectives

Explore opportunities for brand visibility, industry engagement, technology promotion and knowledge exchange, subject to mutually agreed terms.

- Brand Visibility
- Industry Engagement
- Technology Promotion
- Knowledge Exchange

LET'S BUILD A VALUABLE PARTNERSHIP.

Discuss your organisation's goals and explore how we can work together with Edgeline.

EDGELINE ENGINEERING & INNOVATION EXPO 2027

EXHIBITION LAYOUTS

COVERED & OPEN EXHIBITION SPACES

Two complementary exhibition environments designed to advance engineering, technology and innovation.

COVERED EXHIBITION
GERMAN HANGER

A large, covered exhibition space with organised stalls in a German Hanger structure, providing a comfortable environment for exhibitors and visitors.

OPEN EXHIBITION
OPEN & SEMI-OPEN STALLS

An open-air exhibition area with a combination of open stalls and semi-open custom stalls, offering flexible spaces for various displays and demonstrations.

PROFESSIONAL EXHIBITION ENVIRONMENT
Organised stalls with defined aisles for easy navigation.

WEATHER PROTECTED SPACE
A secure and comfortable indoor venue for a seamless experience.

SUITABLE FOR ALL ENGINEERING SECTORS
Ideal for product displays, technology showcases, and business collaborations.

FLEXIBLE STALL OPTIONS
Open stalls and semi-open custom stalls to suit different exhibitor needs.

IDEAL FOR LARGE DISPLAYS
Suitable for vehicles, large-scale equipment and outdoor demonstrations (subject to permissions).

ENGAGING VISITOR EXPERIENCE
An open environment to showcase innovation and engineering capabilities.

26 - 29 JANUARY 2027
Pimpri-Chinchwad International Exhibition & Convention Centre (PIECC), Moshi, Pune

edgelineexpo.com

Illustrative layout. Final stall positions, dimensions and configurations are subject to organiser and venue confirmation.

EDGELINE ENGINEERING & INNOVATION EXPO 2027

EXHIBITION INFRASTRUCTURE

FLEXIBLE SPACES FOR EVERY REQUIREMENT

Professional, well-designed exhibition infrastructure to provide a seamless and premium experience for exhibitors and visitors.

PRE-FABRICATED STALLS (OCTANORM)

Professional and modular octanorm stalls with a clean and modern design, suitable for a wide range of exhibitors.

3 × 3 m Stall

Ideal for product displays, demonstrations and brand presence.

3 × 6 m Stall

Suitable for larger displays, meeting space and product showcases.

3 × 9 m Stall

More space for product displays, demonstrations, interaction and customised setups.

CUSTOMISED STALLS

Get a customised stall design tailored to your brand, products and space requirements.

Design Flexibility
Stall design as per your brand and theme.

Premium Branding
Create a unique and impactful presence.

Multiple Size Options
Layouts tailored to your space and design needs.

Support for Innovation
Ideal arena with design and setups as per requirement.

VIP LOUNGE

A dedicated lounge for VIPs, guests, industry leaders, speakers and partners.

ROUND-TABLE DISCUSSION AREA

A dedicated space for focused discussions between industry professionals, academic experts and innovators.

MEDIA ROOM

A dedicated space for media interactions, press briefings and content creation.

Press Briefings
Space for official announcements and media interaction.

Content Creation
Facilities for interviews, recordings and media coverage.

Essential Facilities
Seating, power and basic media setup as per requirement.

Support for Media Partners
Exclusive coverage and dedicated support facilities.
